TOO MUCH WASTE

From now until the 15th day of March those citizens so required will be paying their income tax, and reports from every section of the country comes the same tale, that taxpayers are on the lookout for every possible exemption. whereas last year they were willing ta pay the government promptly and even more than required, in order to help bear up under the heavy burden imposed by the war. Of the changed attitude of the people the Detroit Free Press says:

"In 1918 the people rightly felt that they were helping to save the country from a real peril when they handed out income taxes, and they were not particular if they overpaid a little. It was a patriotic privilege to give. But now in the light of the revelations of gross mismanagement and worse that show billions dollars wasted, in light of the knowledge that even today, nundreds of federal employes are hanging onto their jobs like leeches, giving nothing of value for what they take, what wonder that people are quite unenthusiastic when they go to the office of the income tax collector, what wonder tha they pinch the last cent to be certain they are not overcontributing. They know they must pay according to the law, and they intend to pay, for they are good citizens; but there is no real pleasure in giving up hard earned coin when one is thoroughly convinced that a large part of it will be wasted and big amounts are going to the support of idlers at the national expense."

SUPREME COURT MAY DECIDE

Congressman S. P. Fess of Ohio has introduced a resolution proposing an amendment to the Constitution giving the Supreme Court authority to determine when requested by concurrent resolution of Congress, what constitutes inability of the President to discharge the duties of his office. At present the Constitution is silent on the subject, merely stipulating that the powers and duties of the President shall devolve upon the Vice President in case of the "inability" of the President to discharge them. Mr. Fess considers that the Constitution is defective in defining "inability." and his resolution is intended to fill the omission.

To frame a constitution for the League of Women voters that will give satisfaction in Massachusetts, Oregon and Mississippi will be no picnic Mrs. Brown of New York and Mrs. Sherman of Illinois the committee of two appointed for the job are not to be envied.

Resolutions of Respect

At a regular meeting of Charleroi Circle 303 Protected Home Circle held Friday February 27. The following resolutions of respect were adopted on the death of Brother Hamilton Booth who died February 1920.

Whereas Almighty God in his Supreme wisdom has seen fit to take to his Heavenly home our worthy and beloved Brother and as we bow in humble submission to his divine will we pray he will comfort the beloved ones left to mourn his loss.

Resolved that we the members of Charleroi Circle 303 extend to the wife and family of our deceased brother our sincere sympathy in this hour of great sorrow and ask that the good Lord may lighten their burden and throw sunshine in their path which now seems so dark

Resolved, that a copy of these resolutions be sent to the bereaved family, a copy spread upon the records of our Circle and published in the Charleroi Mail.

Lets Go Over The Top

The Friends of Irish Freedom throughout the United States are making a drive for $10,000,000 for the purpose of assisting the Republic of Ireland to establish Consular Services, to promote Irish Industries, to organize and establish a National Civil Service and National Arbitration Courts, and other beneficial laws, that are now enjoyed by other free and independent Nations.

With the above merited and desired purposes in view, the liberty loving people of Washington County are given an opportunity to subscribe for the Bonds of the Republic of Ireland, thereby assisting a struggling Nation to function and enjoy the benefits, that we in America enjoy, Liberty and Independence.

Benjamin Franklin in 1778 said to the good people of Ireland, "I am charged to assure you that means will be found to establish your Freedom in the fullest and simplest manner;" the buying of a bond will help to carry out that assurance.

President Woodrow Wilson said at the Peace Conference, "We are here to see that every people in the world shall choose its own masters and govern its own destines, not as we wish but as they wish."

The quota of Washington County is $10,000 and the record of Washington County justifies the prediction, that her quota will be subscribed. The record shows that we have gone "Over The Top" in the drives for the Salvation Army, Y. M. C. A., K. of C. Jewish Welfare, First, Second, Third, Fourth, Fifth and Victory Loans, and for this noble and holy cause, the Liberty and Independence of a struggling Nation, Washington County will not be found wanting. Committee's will solicit your subscription, but in case that you are not visited by Committee you can send your subscription to this office and receipt will be sent you forthwith.

Yours in the name of Liberty and the Freedom of all peoples,

John J. Oates, Chairman of Washington Co.

BOY PARALYZED WHEN WRESTLING

Twisted Neck Causes Paralysis of Body—Local Chiropractor Affects Remarkable Recovery.

A local case of more than usual interest to professional men is that of Leo Shook, 16, living near Allentown, who has just recovered from a paralytic stroke he received when his neck was twisted in wrestling with a neighbor boy. A bad wrench was received in the neck, which left young Shook without the use of any of his muscles from the eyebrows down, and kept him in bed for over thirteen weeks.

That he is up walking around with full use of his muscles and all signs of the paralysis gone is really a remarkable recovery and one not usually affected in such cases. According to Shook all credit is due to Dr. G. V. Johns, chiropractor, with offices in the Deisel building and a graduate of The Palmer three years' course of Chiropractic, who had charge of the case during the last few weeks. When asked about his condition, the boy stated that it was only after being in a helpless condiion and after six medical men had practically given up hopes of recovery for him whose case baffled them, that Dr. Johns was called in for an analysis.

From the very first spinal adjustment, young Shook said that he began to feel better and could use some of his muscles to some extent immediately after, and subsquent adjustments brought further relief, until now all signs of paralysis have disappeared and he has full use of his muscles again

Dr. Johns, who specializes on cases of this nature, in commenting on the case, explained that the twist given the boy's neck had caused a pressure on the spinal cord, due to the displacement of the spinal segments which, in turn, caused the paralytic condition. This was allowed to remain without relief, until the displaced vertebrae were restored to normal condition by a series of spinal adjustments. This accomplished, the pressure on the spinal cord was removed and the paralysis disappeared as the result of a normal, healthy condition which existed prior to the accident.

The results obtained in the Shook boy's case by Dr. Johns, shows another example of how far science has advanced to solve the mysteries of the human body and life and, no doubt, will lead to even more remarkable cases being cured by this comparatively new science of Chiropractice. — (Republican-Gazette, Thursday, December 25, 1919.)

CHIROPRACTIC

is a scientific method of removing the cause of disease, acute or chronic, without the aid of drugs, surgery or appliances.

Pressure on a nerve at the opening where it leaves the spine will cause disease.

THE CHIROPRACTOR adjusts the displaced Vertebrae, thus relieving pressure, and enables nature to restore normal condition.

MARY PICKFORD'S GREATEST PLAY

Critics everywhere assert that "Pollyanna" is one of the greatest pictures ever filmed. The reason for this is that the philosophy upon which the story is based constituted a theme which at the present time has an unusually wide appeal. This production will be the feature at the Majestic theatre on Thursday, Friday and Saturday.

Undoubtedly Mary Pickford, with characteristic far-sightedness, had this in mind when she chose this celebrated work as her first vehicle for the United Artists' Corporation.

Miss Pickford points out in this story that even when things are bad they might be worse. This thought, planted in the minds of people, who are dissatisfied with wage conditions or who think they are not getting a fair price for their goods, will tend to stimulate a line ofmental activity which will result in stabilizing conditions.

The most progressive of the picture stars believe in choosing plays, wherever possible, which will act as a propaganda for good It is their ambition to have each screen medium serve a definite purpose, and with this in mind Mary Pickford decided to picturize Eleanor H. Porter's famous book. So "Pollyanna" is a book with a mission.

DONORA DEFEATED IN FINAL CONTEST

Monongahela High school basket ball team closed its season Tuesday night at Donora, defeating the Donora High school team by a single point, and thereby winning the title in Section IV. This game was hard fought throughout, and it took two extra periods of five minutes each to decide the winner. With a show of skill that brought them from behind in the final session the Monongahela lads brought victory from defeat by a great shot by McVicker, the Monongahela forward. With Donora leading by asingle point this basket put Monongahela in front, never to be headed. The game was featured by the close guarding of both teams and was a rough contest from the start. McVicked and Weiss shared honors for their brilliant floor work.

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

Mrs. N. W. Henning, 81 Followfield Ave., Charleroi, says: "I was first troubled with a dull, heavy ache across the small of my back that made me feel run down and miserable. It was almost impossible for me to bend over and when I did sharp twinges would catch me and I could hardly move. I didn't feel rested in the morning and always had a headache. I often became dizzy, too, and black specks appeared before my eyes. My kidneys were certainly in bad shape, so on reading about Doan's Kidney Pills I decided to try them. It was wonderful how soon they gave me relief and in no time my trouble entirely disappeared."

QUICK WORK ON PART OF POLICE WILL CLEAR UP BOWERS' ROBBERY

Four Men Arrested in Monessen Charged With The Crime

GUNS WERE FOUND ON THEM

By a clever piece of work Chief Albright and Officer Murphy arrested four men in Monessen Tuesday afternoon, and have them in the local lockup, where they are being held pending a hearing which be given possibly some time today on a charge of robbery.

These men, who gave their names as Andrew Onde, Andy Jacobs, Steve Waltage and Mike Dorayiski, will be charged with the robbery of the Bowers' hardware store early Tuesday morning That the police have the right parties is shown by the fact that the two Colt revolvers taken from the show windows in the Bowers' store were found in their possession.

Chief Albright and Officer Murphy obtained a clue yesterday morning and after working on it for the greater portion of the day, went to Monessen in the afternoon and asked the Chief of Police of that borough for an officer to accompany them in the search for the four men named above. In one of the pool rooms of the town they found three of the men wanted, among them Andy Onde, on whose person was found one of the revolvers. Later in the evening, about 6 o'clock, they visited the home of Steve Waltage, where they placed him under arrest. After making a search of the house they found the other revolver hidden in the piano. The mother of the boy contended that she had given him the money to purchase the gun, but the tell-tale number disproved the claim that the revolver had been purchased.

All four men were then brought to Charleroi and locked up at the borough building, and it is likely that information will be made against them by Mr. Bowers, with the police furnishing the necessary information against them.

It was a quick piece of work on the part of the local police, as within less than fifteen hours after the robbery they had the suspects under lock and key

POLICE PRESENT PETITION FOR AN INCREASE IN THEIR SALARIES

Call Attention to Amounts Paid by Other Nearby Towns

CLAIM PRESENT PAY INADEQUATE

At the regular meeting of the borough council held last evening the members of the police force presented a petition asking for an increase of salary over what they are now receiving.

At the present time the salary list of the local officers is as follows: Chief of Police, $163.75 per month; three patrolmen at $135.00 each per month; one patrolman at $77.50. per month..

In presenting their petition the local officers set forth that in Donora the Chief of Police receives $202.00 per month, while the patrolmen are paid at the rate of $5.59 per day for 12 hours. They are also paid for overtime, are given a vacation of two weeks each year, and are also paid for all loss of time due to sickness.

In Monessen the Chief receives $250.00 per month; one Lieutenant $200 00 per month; ten patrolmen at $165.00 per month each, and two plain clothes men at $165.00 per month each.

The local officers base their argument for an increase in compensation on the fact that the advance in price of commodities in the maintenance of their homes, as well as the advance in rents, makes it impossible for them to make ends meet.

Members of the force also say that during the year 1919 they made 612 arrests, that they have always assisted the Board of Charities in every possible way, collect all licenses for the borough, take care of and drive the ambulance, and further state they have been most successful in the apprehension and conviction of criminals for crimes committed in the borough, as the records will attest.

The police further say that the total amount of licenses and fines collected by them during the year more than pays the expense of their department.

The petition was laid over by council until the next meeting, at which time it is expected some action will be taken.
